

Amare Maliq Aradhana

Jakarta, Indonesia | 087872025271 | amaremalik@gmail.com

PROFESSIONAL SUMMARY

Software Developer with hands-on experience in C#/.NET (including .NET MAUI) and full-stack web development. Proven ability to enhance production systems and mobile applications to meet client requirements, resolve complex bugs, and improve system performance. Skilled across front-end and back-end technologies, database optimization, and API development. Motivated to apply strong problem-solving skills and a fast learning curve to build scalable industrial digital solutions in a Smart Factory environment.

TECHNICAL SKILLS

- Programming Languages & Frameworks: C# (.NET, .NET MAUI), Java, JavaScript, PHP (Laravel)
- Front-End Development: HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, Responsive Web Design
- Back-End Development: RESTful API Design & Development, Node.js, Laravel
- Databases: SQL Server (stored procedures, version upgrades, query optimization), MySQL
- Tools & Version Control: Git, GitHub, Postman, Figma, Canva
- AI-Assisted Development: Claude Code (code generation, debugging assistance, documentation)
- Languages: Bahasa Indonesia (Native), English (Intermediate, working proficiency)

PROFESSIONAL EXPERIENCE

Software Developer *September 2024 – Present*

Bosnet Distribution Indonesia — Jakarta, Indonesia

- Enhanced existing mobile application features using C# with .NET MAUI to align with evolving client requirements and improve overall usability.
- Upgraded SQL database versions and refactored stored procedures to strengthen reliability and maintainability of core product systems.
- Diagnosed and resolved 50+ minor and major bugs across .NET-based systems and SQL databases, improving system stability and reducing recurring issues.
- Optimized system performance through systematic debugging and SQL query tuning.
- Designed, developed, and tested RESTful APIs to support front-end CRUD operations, ensuring seamless data management and system efficiency.

Fullstack Web Developer *February 2023 – July 2023*

PT. Sarana Sistem Mikro — Jakarta, Indonesia

- Redesigned the company website front end, modernizing the UI to align with updated business and branding requirements.
- Collaborated with a cross-functional team of 4 developers to deliver a Content Management System (CMS) admin panel using PHP and Bootstrap.
- Built and maintained a web-based information system, streamlining content management workflows.
- Optimized application performance to ensure responsiveness and efficiency across devices.

EDUCATION

S1 – Informatika (Distance Learning Program) *2025/2026 – Present*

Universitas Siber Asia — In Progress, part-time/online format compatible with full-time work

Software Engineering — GPA 86.66/100 *2021 – 2024*

SMK Negeri 65 Jakarta (Vocational Senior High School)

ADDITIONAL SKILLS

- Teamwork, Problem Solving, Critical Thinking, Discipline, Strong Communication, Attention to Detail, Passion for Learning.
